Your Regional SCS Certification - NVL LABORATORIES, INC. - 3022

Dear Mural Khan:

Congratulations! Your business has been certified in King County's Contracting Opportunities Program for Small Contractors and Suppliers (COS). This letter is evidence of your certification.

SCS certification number: 3022

Date of Approval: February 17, 2022

Your firm has met the eligibility requirements for SCS certification as part of the SCS Fast Track Certification program. SCS Fast Track Certification allows businesses which are state certified by the Washington State Office of Minority and Women's Business Enterprise (OWBE, WBE, MWBE, CDB and SDBBE) to be automatically eligible for SCS certification. Your SCS certification will remain in effect as long as your associated OWBE certification is active, or you request cancellation of your SCS certification.

You are required to notify our office in writing and within thirty days of any changes in your company profile that may result in your firm being ineligible to participate further in the program.

As a program benefit, your company is listed in the King County SCS Directory. Please visit the following web address to review your company contact information to ensure that the information is accurate: <https://www.kingcounty.gov/contractcompliance.com>.
